

GLOVE SIZING TOOL

How does this work?

1. Print out this sheet on A4 paper using the print to 'Actual Size' option in your printer, and check its accuracy by placing a credit card or 20c coin over the accuracy checker in the bottom left-hand corner.
2. Rest the palm of your hand over the silhouette, ensuring the black line is right next to your thumb.
3. See which line the right side of your hand rest up against. Round up to the larger size if its halfway between two sizes, just to be safe!
4. Jump on www.badgeraustralia.com.au and purchase gloves that fit perfectly and suit your application perfectly!

PRINT ACCURACY CHECK:
