

Signature Branding Washing Instructions

Congratulations on your selection of Signature Branding® by Badger!

We at Badger have invested years of research into the development of our Signature Branding®; hence, we're so confident in the outcome surpassing your expectations that we offer a **lifetime warranty** on your logo(s).

Like all technology, however, it does have its limits, so please follow these simple washing instructions for your garment to ensure the longevity of your logo.

1. Please allow a minimum of 24 hours after receiving your garment before any washing.
2. Wash and iron garment inside out whenever possible.
3. Preferably cold wash, do not exceed 40°C.
4. Standard washing detergents should be used. We recommend you keep stain removers, bleaches, soaks and harsh detergents well away. This will avoid any unforeseen issues.
5. Hang to dry inside out, in shade whenever possible.
6. Do not tumble dry and do not dry clean.

Wash below
40°C

Hang to dry
in shade

Do not
tumble dry

OR

Do not
dry clean

Iron
inside out

Do not
bleach

Should you have any questions or issues, please don't hesitate to contact the Badger Team on 1300 305 275.
